TREE REMOVAL REGULATIONS

SUMMARY

TREE REMOVAL MONASH COUNCIL REGULATIONS

Can I remove a tree in Monash Council without a council permit?

Yes, but under certain conditions

Under what conditions?

A Planning Permit is required to remove or destroy any vegetation that:

- Has a trunk circumference greater than 500mm (160mm diameter) at 1200mm above ground level, and
- Is higher than 10 metres.
- If the tree is dead.
- If the vegetation presents an immediate risk of personal injury or damage to property and only that part of vegetation which presents the immediate risk is removed, destroyed or lopped.

Note: “significant tree register” means a register of trees of cultural significance to the Council, which is kept and maintained by the council.
